

DEPARTAMENTUL IX – CHIRURGIE I

Conferentiar universitar, pozitia 22, Disciplinele Semiologie Chirurgicala

TEMATICA CONCURS

1. Notiuni introductive in semiologia chirurgicala
2. Foaia de observatie a pacientului chirurgical
3. Examinarea clinica in chirurgie
4. Examinarea paraclinica in chirurgie
5. Pregatirea preoperatorie, monitorizarea preoperatorie
6. Infectii chirurgicale. Infectii generalizate
7. Infectii chirurgicale localizate
8. Infectii chirurgicale ale mainii si degetelor
9. Infectii specifice si intraspitalicesti
10. Traumatisme-notiuni generale, clasificare. Politraumatismul si socul traumatic.
11. Traumatisme inchise si deschise
12. Traumatisme cap, gat si torace
13. Traumatisme abdomen, pelvis si membre
14. Degeraturi si electrocutare
15. Semiologia chirurgicala a tumorilor
16. Semiologia chirurgicala a toracelui
17. Semiologia chirurgicala a glandei mamare
18. Semiologia chirurgicala a peretelui abdominal si diafragm
19. Semiologia chirurgicala a esofagului si stomacului
20. Semiologia chirurgicala a intestinului subtire si colon
21. Semiologia chirurgicala a icterului chirurgical
22. Semiologia chirurgicala a splinei
23. Semiologia chirurgicala a abdomenului acut chirurgical
24. Semiologia chirurgicala a anusului, regiunii perianale si rectului
25. Semiologia chirurgicala a tiroidei si glandei suprarenale
26. Semiologia chirurgicala a sistemului venos
27. Semiologia chirurgicala a sistemului arterial

Bibliografie

1. Chirurgie generala si specialitati chirurgicale. Peter F. Lawrence
2. Schwartz. Principiile chirurgiei, F. Charles Brunicardi
3. Tratat de Patologie Chirurgicala Vol. 1 Sub Redactia Nicolae Angelescu Editura Medicala, Bucuresti, 2003.
4. Tratat de Patologie Chirurgicala Vol. 2 Sub Redactia Nicolae Angelescu Editura Medicala, Bucuresti, 2003.

LIST OF SUBJECTS

1. Introductory notions in surgical semiology
2. Observation sheet of surgical patient
3. Clinical examination in surgery

4. Paraclinical examination in surgery
5. Preoperative preparation, postoperative monitoring
6. Surgical infections. Generalized infections
7. Localized surgical infections
8. Hands and fingers surgical infections
9. Specific and hospital infections
10. Trauma – general notions, classification. Polytrauma and trauma shock
11. Open and closed trauma
12. Trauma head, neck, thorax
13. Trauma abdomen, pelvis, limbs
14. Frostbites and electrocution
15. Tumors surgical semiology
16. Surgical semiology of thorax
17. Breast surgical semiology
18. Surgical semiology of abdominal wall and diaphragm
19. Surgical semiology of esophagus and stomach
20. Surgical semiology of small bowel and colon
21. Surgical semiology of surgical jaundice
22. Spleen surgical semiology
23. Surgical semiology of acute abdomen
24. Surgical semiology of anus, perianal region and rectum
25. Surgical semiology of thyroid and suprarenal glands
26. Surgical semiology of venous system
27. Surgical semiology of arterial system
