

RECOMMENDATIONS FOR THE STRUCTURE OF THE ADVANCED SCIENTIFIC RESEARCH PROJECT

13.06.2022-17.06.2022

I. GENERAL INFORMATION

The title of the doctoral research topic

Name and surname of doctoral student in the birth certificate

The doctoral supervisor Prof. Univ. Dr.

Date of registration: 01.10.2021

Field MEDICINE / DENTAL MEDICINE / PHARMACY

Contacts:

phone

e-mail

2. CURRENT STATE OF KNOWLEDGE (GENERAL PART)

-Presentation of the current state of knowledge in the approached research field, based on the existing information in the main flow of publications; bibliographic references will be cited in the text;

-Justify the choice of topic, with concrete arguments on the importance for the development of the current state of knowledge

-Punctuation of the original contributions brought by the doctoral research

3. THE ORGANIZATION OF THE DOCTORAL RESEARCH (IDEAS OF THE PARTY OF PERSONAL CONTRIBUTIONS)

Objectives pursued:

-Working methods and techniques used. How to select work batches, inclusion criteria, respectively exclusion. Statistical processing methods.

-Detailing the work stages followed in carrying out the doctoral research: defining activities in relation to the objectives set, in accordance with a timetable that makes it possible to frame the time allocated to the scientific research program. Measures provided for the observance of bioethics norms in doctoral research. Preliminary conclusions.

4. HOW TO VALUE THE RESULTS

Estimation of the accessible level for the dissemination of results

Identify potential journals in the main flow of publications

5. THE WAY IN WHICH THE COMPLETION OF THE DOCTORAL THESIS WILL CONTRIBUTE TO THE PROFESSIONAL EVOLUTION OF THE DOCTORAL STUDENT AND TO THE DEVELOPMENT OF ITS SCIENTIFIC CAPACITY.

6. EXPECTED DIFFICULTIES, WAYS TO OVERCOME

7. REFERENCES

The project will have a minimum of 10 pages and a maximum of 40 pages

(page setting: 3 cm left, 2 cm right, top and bottom) TNR 12 pts, one row, right-left aligned)
