## Social skills and competences

Also in the postgraduate education I have held conferences and practical laboratory work for the following categories of residents: internal medicine, clinical laboratory, pathology, hematology issues.

## Organisational skills and competences

I founded and currently coordinate and Laboratory of Hematology in the section where the carry blood counts, sternal puncture, hemolysis tests, coagulation tests. Hematology Laboratory contains a imunoflow-cytometry laboratory , 2 haematological morphology laboratories, peripheral blood and bone marrow and a hemostasis laboratory.  
To improve cross county medicine I have taken steps to increase the number of beds the Department of Hematology and its equipment  
From 1994 since 1997 I was Medical Deputy, County Clinical Hospital Timisoara, with a total of 19 hospital wards. We sought to improve health and to implement some methods such as treatment with interferon in chronic liver disease and malignant hemopathies, immunomodulatory therapies. I carry out cooperation in the preparation, selection and guidance of patients with malignant hemopaties togetet with the transplant unit children and adults in Timisoara, led by Mrs. Prof.Univ.Dr.Margit Serban.
