**Dear Colleagues,**

It is our great pleasure to announce that the **9<sup>th</sup> European Section Meeting of the International Academy of Cardiovascular Sciences (IACS-ES)** will be held between October 4<sup>th</sup> – 7<sup>th</sup>, 2023 in Timișoara, Romania.

The scientific program is diverse and state-of-the-art with internationally distinguished invited speakers, which will address a broad mix of molecular, cellular, translational, clinical and integrative aspects of cardiovascular sciences within several symposia:

The meeting will serve as a platform for the exchange of new ideas and concepts and will offer a great educational opportunity for advancing career development of early and mid-career trainees, personal interactions and networking for all the participants. We would like to provide the opportunity for several young investigators to present their latest research results and compete in both oral and poster sessions; we also strongly encourage the attendance of undergraduate students.

The meeting will be held at the "Victor Babeș" University of Medicine and Pharmacy from Timișoara, the largest medical university with international accreditation from Western Romania.

We believe that your participation will provide a unique opportunity to discuss the latest advances in basic and clinical cardiovascular research.

In addition to the thought-provoking conference, the organizers wish to inform you that Timișoara is one of three nominated European Capitals of Culture 2023, having as slogan a vivid message: "Shine Your Light!" and promise you lasting impressions besides the productive exchanges.

We cordially invite you to join and shine your light at this meeting, renew old friendships, and make new ones!

We look forward to meeting you in person in Timișoara,

With best regards,

**Prof. Danina M. Muntean, MD, PhD**  
**Vice President, IACS-European Section**  
**Chair of the Meeting**

**Honorary Chair of the Meeting: Prof. Naranjan S. Dhalla, PhD, MD (Hon), DSc (Hon)**
