

Prof. Denis Angoulvant, MD, PhD
(Tours, France)

Denis Angoulvant is Professor of Cardiovascular medicine and Head of Cardiology Clinic at Tours University Hospital in France (Loire Valley). He is a specialist of coronary artery disease and myocardial ischemia reperfusion injuries. His clinical activity is in intensive cardiac care and interventional cardiology. He is the deputy director of the ISCHEMIA research unit in which he is the primary investigator of preclinical and translational studies on atherosclerosis and myocardial ischemia reperfusion with a special interest on inflammation signaling. He is a Fellow of the European Society of Cardiology and member of the Working Group on Cellular Biology of the Heart. He is the President of the Scientific Committee of the French Federation of Cardiology and President of the Research Promotion Committee of the French Society of Cardiology. He is also Deputy Dean in charge of medical pedagogy of the Faculty of Medicine of the University of Tours.
