Social skills and competences

Excellent communication skills with colleagues, students and patients as a result of completing postgraduate courses in psycho-pedagogical training. After attending national and international scientific conferences and events and practising dentistry in the private sector for 20 years, I've developed strong analytical skills, with a keen ability to synthesise information, as well as an entrepreneurial mindset expressed through my approach to and resolution of existing problems.

The research activity carried out in parallel with my teaching activity has given me the ability to work in multidisciplinary teams, collaborations that have resulted in a portfolio of:

- 30 – full-length articles, indexed by the Institute for Scientific Information (ISI)
- 5 – ISI proceedings articles indexed by ISI
- 7 – articles published in ISI-indexed abstracts
- 16 – articles published in full in BDI-indexed journals
- 1 – article published in BDI indexed abstracts
- 5 – articles published in full in ISSN indexed journals
- 19 – articles published in non-indexed Romanian journals
- 42 – books published by national publishing houses;
- 81 – papers presented at national/international conferences/workshops;
- Hirsch factor $h = 6$ (according to ISI Web of Science)

Information Campaign Expert

Project title: OPORTUN – Opportunities for inclusion and increased access to higher medical education through early intervention with disadvantaged groups

UMFVBT Project Manager: Associate Professor Vlad Cristian Sebastian

Period: 01.02.2025 - 31.01.2028

Total budget from the University of Medicine and Pharmacy = 7943807.32 lei

Communication skills

Multiple communication skills acquired through teaching activities in various bachelor's, short-term and postgraduate study programmes; participation in various national and international conferences.

Ability to communicate constructively in different social situations (to tolerate other points of view, to recognise individual and collective responsibility)

Computer evaluation skills and competences

Microsoft Office user (Word, Excel, PowerPoint)

Other skills

Team spirit, tenacious; eager to acquire new knowledge in the development and improvement of teaching and research career; perseverance in pursuing and achieving a goal; dedication to work tasks.
