

INVITATION TO APPLY FOR THE E-LEARNING PLATFORM

We are pleased to invite you to participate in the selection process for access to the **e-learning platform** developed within the framework of the cross-border project "*EDUCARE: Improving RORS equal access to training in cutting-edge minimally invasive surgical procedures*", Jems code RORS 00302, implemented under the Interreg IPA Romania–Serbia Programme.

The project aims to improve the quality of training in minimally invasive surgical techniques for healthcare professionals from both countries, including familiarization with advanced technologies such as robotic-assisted surgery.

WHAT THE PLATFORM OFFERS

Live-Streaming Surgeries

Observe procedures in real time from Surgery Clinic II, with optional expert commentary.

Case Reports

Real-world surgical cases as studies, video presentations, or interactive exercises.

Surgical Techniques Crash Courses

Condensed, focused overviews of specific techniques delivered as live video.

Periodic Updates

Video lectures, webinars, and podcasts on new techniques and best practices.

Q&A Forum

Live chat during streams and an asynchronous forum to post questions and receive expert answers.

Applications for accessing the platform will be made via the **online application form** received by e-mail. We ask those interested to send their email addresses at users@educarerors00302.ro to receive the application form.

Selection will be carried out in accordance with the eligibility criteria foreseen in the project documentation, in full compliance with the principles of transparency, equal opportunities, and non-discrimination.
