(2) Tuition fees do not change during an academic year.
(3) The amount of tuition fees shall not change until the completion of the academic program, unless circumstances arise that result in the duration of study exceeding the period provided for by law.
(4) The tuition fees charged by the University are approved by the University Senate and published on the University’s website at least 3 months before the start of each academic year.

Art. 4.

(1) Students enrolled in all levels of university study at the “Victor Babeș” University of Medicine and Pharmacy in Timișoara, as well as physicians enrolled in residency programs, are required to pay tuition fees in accordance with the conditions set forth in these Regulations, the study contract, and the University’s internal regulations.

(3) If the duration of study prescribed by law is exceeded—as a result of repeating a year, resuming studies after an interruption, or re-enrolling after being dismissed or withdrawing—a new university study contract shall be entered into, under the terms established by the university at the time the contract is signed, with the tuition fee set at the rate applicable to the academic year in which the student enrolls.

(4) Students enrolled in fee-paying spots, following the approval of academic mobility or the recognition of periods of study completed at other higher education institutions abroad, shall pay the tuition fee applicable to the academic year in which they are enrolled.

(6) The costs associated with exceeding the duration of free education, as provided by law, in the event of a 1- to 2-year extension of the doctoral program, shall be borne by the doctoral student; the tuition fee is set at the level of the tuition fee for the first year of study in the current academic year, in which they enroll upon extending their studies.

(7) Doctoral students who submit their doctoral dissertation to the Doctoral School Secretariat within the first 30 days of the start of the semester, in accordance with the academic year structure, may be eligible for an exemption from or refund of the tuition fees paid for the semester in which the doctoral dissertation was submitted, based on a written request approved by the CSUD Council.

(2) In the event of withdrawal, interruption of university studies, or expulsion, or in the case of mobility to other institutions offering doctoral programs, the tuition fee paid for the current academic year is non-refundable.
